What makes Great Fish & Chips?

Make it Australian

Eating seafood is healthy and delicious choice for you and your family. Buying Australian seafood supports Australian fishing families and regional communities. So dig in to the best in the world!

Choose Sustainable Seafood

Australian seafood is one of the most sustainable proteins in the world! Make a positive choice for the planet and Ask for Aussie next time you are buying seafood!

Try something new

Australia has so many fish in the sea! Each one with its own unique flavour and health benefits. We know you love your Flathead, but why not have a chat to your server about the different types of fish on the menu you can discover? Try asking for Blue Mackerel, Leather Jacket, Stargazer and Jackass Morwong next time you order Fish & Chips!
